WARMER

VOL. 32 NO. 149

WASHINGTON C. H., OHIO, MONDAY, JUNE 25, 1917

Ten Cents a Week

## WILL EXPEDITE FOOD CONTROL

Senate Leaders To-day Arrange to Speed Up the Big Measure.

By Associated Press Dispatch.

Washington, June 25.—Senate leaders today arranged to expedite the food control bill, passed Saturday by the House.

The bill was referred by the Senate today without discussion to the Agricultural Committee.

Senator Reed of Missouri today continued his attack upon it. No additional committee hearings are proposed.

A half dozen amendments to the bill were introduced today. Senator Lewis, Democrat, of Illinois, offered a substitute bill proposing that the President shall have general and broad authority to issue regulation for the cost of foodstuffs, specially enumerating those held for "monopolization" or "unjust prices."

Several measures that have been before the Senate as part of the war legislation, also were tacked on the bill as amendments.

Senator Walsh put in his bill permitting the government to lease coal and oil lands.

## MOTIVE POWER NEEDED

Russia Needs Thousands of American Locomotives.

By Associated Press Dispatch.

Washington, June 25.—"Locomotive, locomotives, and still more locomotives" are the fundamental needs of Russia today, according to Professor Lomonosoff, Railroad Minister with the Russian Minister.

"Quite frankly I can say to you, our American friends," he said, "give us locomotives and we shall give you military success."

Russia needs at once one thousand ten-wheel American locomotives to put her idle cars in operation; another thousand, with an appropriate number of cars, to free the congested freight terminals, and another eighty-five annually to meet the deficiency between Russia's manufacture and her needs for renewal and new construction.

"The United States," the Professor said, "is Russia's hope in this huge problem, and negotiations are now in progress which are most promising."

## STEEL SHIP CONTRACT LET

By Associated Press Dispatch.

Washington, June 25.—Contracts for ten complete steel merchant ships, four complete wood merchant vessels and twenty wooden hulls were announced today by Major General Goethals, general manager of the Emergency Fleet Corporation. Deliveries will be made in 1918.

## REGISTRATION MOUNTING HIGH

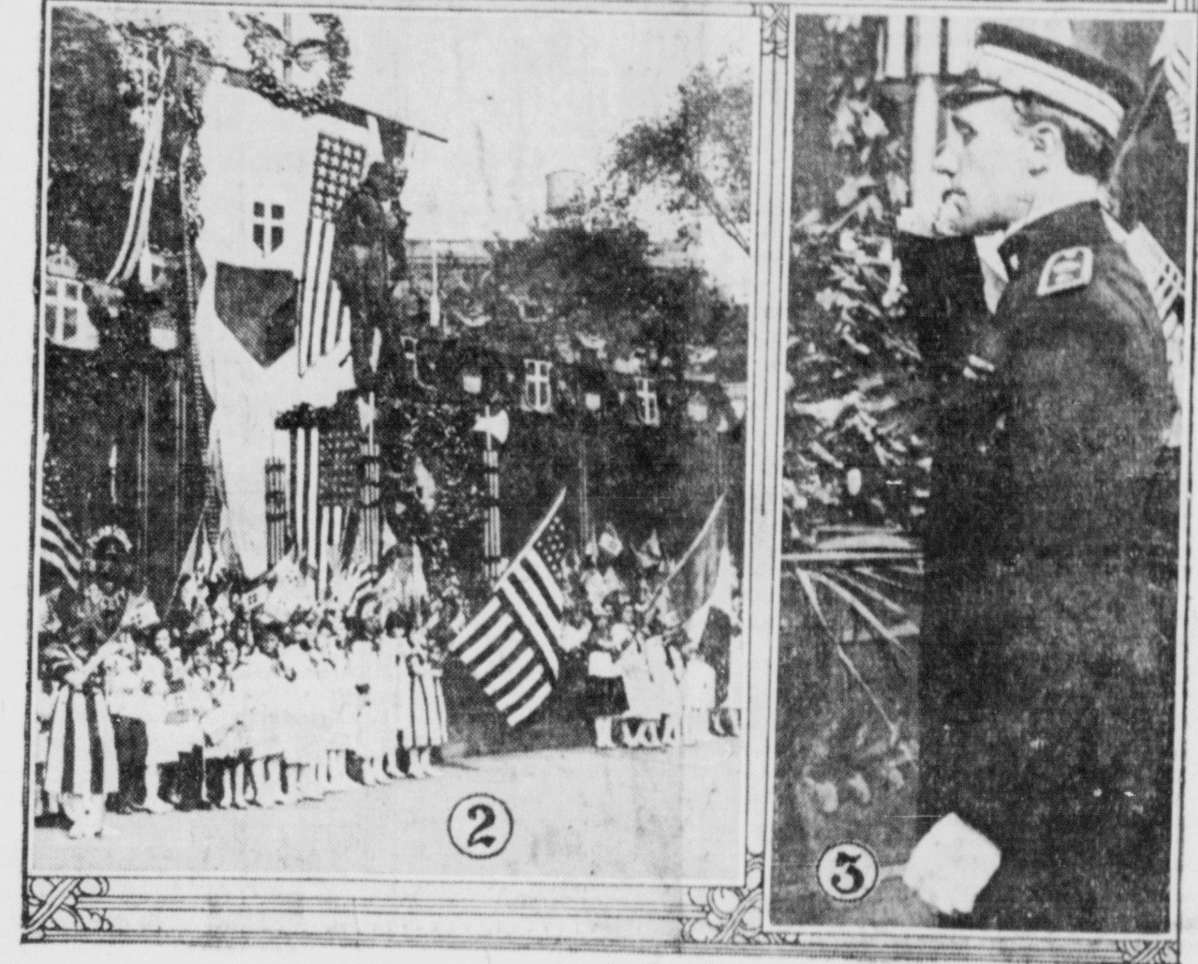

By Associated Press Dispatch.

Washington, June 25.—Official war registration returns, with Niagara county, New York, and three Wyoming precincts missing, made public today, show a total enrollment of 9,569,382, or approximately 96 per cent of the Census Bureau's estimate.

The apparent shortage is more than offset by the number of men in the army and navy who were not required to register.

Of the registrants reported, 7,347,794 are white citizens, 953,899 colored; 1,239,865 unnaturalized (from countries other than Germany); 111,823 unnaturalized Germans, and 6,001 Indians.

## ITALY'S MISSION GETS ROYAL RECEPTION IN THE U. S.

New York welcomed the third war commission from an allied country—the messengers of Italy, headed by Ferdinand of Savoy, Prince of Udine, cousin of King Victor Emmanuel, and containing among its membership distinguished soldiers, sailors, financiers, civil administrators and Guglielmo Marconi, the inventor.

The crowds that massed about the Battery, in City Hall park, in Washington square, and which stood in ranks along the curb the full length of the line were almost as numerous and no less enthusiastic than those who received the French commission last month.

Of the city's great Italian population only the cripples stayed at home.

Three scenes in the reception to the mission are shown herewith: No. 1, left to right, front row, Francesco Nitti, Augusto Ciofelli, Guglielmo Marconi, Prince Ferdinand and S. E. Borsarelli; No. 2, school children welcoming the mission at the Garibaldi statue in Washington square; No. 3, Prince Ferdinand saluting at Garibaldi statue.

## SUBMARINE IS SUNK BY BRITISH STEAMER

AN ATLANTIC PORT, June 25.—(Associated Press Dispatch)—Officers of a British steamer which arrived here today reported having sunk an attacking German submarine.

The British boat sent a shell into the U-boat's magazine, causing an explosion which parted the underwater boat amidship. Each end sank separately. The British steamer was uninjured.

The submarine was five miles distant, and was running away after having attacked the British vessel nearly 400 miles off the coast of Ireland.

The steamer's captain and other officers would not discuss the battle, but confirmation of the story was obtained from other members of the crew.

## WOMEN SEIZED POTATO BARGES

(Associated Press Cable.)

London, June 25.—A dispatch to the Times from Amsterdam reports that a crowd of women stormed a dozen barges in the inner harbor of Rotterdam Saturday and seized about a ton of potatoes destined for England.

The barges, which were loaded with eleven thousand tons of potatoes were then removed to the outer harbor guarded by police.

## REBELLION IN CHINA SLOWING UP

(Associated Press Cable.)

Peking, China, June 25.—All provinces that declared their independence of the present Peking Government have now ceased their warlike preparations.

Leaders of the southern provinces, which were in revolt, telegraphed Peking that they were willing to compromise provided a new election were soon held without military interference.

Administrative affairs have become disorganized through lack of a Cabinet, while the various government departments have a mess of documents requiring answering.

## HOOVER TELLS US WOLF IS AT WORLD'S DOOR; WE MUST CHASE HIM

HERBERT C. HOOVER

Herbert C. Hoover, who may tell us all how much to eat, what to eat and the prices we are to pay for food, if the administration plans are carried out, was honored a few days ago by Brown university with the degree of doctor of laws. Speaking at a luncheon to Brown alumni, Mr. Hoover said that the wolf was at the door of the world and that the United States more than any other nation must help to keep its allies "constant in war," he said or else become Germany's sole enemy. Mr. Hoover declared the nation's food supply was decreasing gradually and that there would be a still greater decrease a year hence.

## RED CROSS FUND GROWING RAPIDLY

## DEVELOP ANOTHER OFFENSIVE

A Thousand Cities Seek to Win Totals Above Requests.

By Associated Press Dispatch.

Washington, June 25.—A thousand American cities were striving today to swell the Red Cross war fund to an even \$100,000,000.

With returns well over the \$75,000,000 mark, the War Council officers were confident that by the close of the day the great fund would be in hand.

It was not certain, they said, that the day's reports would reach the \$100,000,000 mark, for the reason that the closing day of the campaign was one of intense activity all over the country, and complete returns would not be made in hundreds of instances until after the round-up tonight.

Directors of the campaign were free in stating, however, that they were not at all apprehensive that the complete \$100,000,000 would be raised.

It would take until Tuesday night, they said, to tell the whole story.

Unusual Number of "Raids" in Every Sector Signify New Attack.

By Associated Press Dispatch.

The British front in northern France is again developing signs of marked activity.

Today's official statement from London details every important sector from Belgium to St. Quentin.

General Haig has not struck a hard blow on any extended front since the week of the Messines fighting, when the famous bridge on the Belgian front was captured and the way prepared for further operations in this sector.

Incident to last night's raids were local operations that gained ground for the British.

Thus, some progress reported by them below Lens and northwest of Warneton, in the Messines area.

There is a momentary lull in the infantry activities on the Aisne front. The French have virtually succeeded in re-establishing their entire line in the Vauxaillon area, dented by the Crown Prince's forces in a sudden drive on a narrow front last week.

## DRY PROPOSALS WILL NOT DELAY WAR TAX MEASURE

By Associated Press Dispatch.

Washington, June 25.—Prohibition amendments to the food control legislation will not interfere with the Senate Finance Committee's plans to complete the war tax bill this week and have it ready to follow the food bill in the Senate.

Chairman Simmons said the committee would proceed upon the assumption that liquor will remain a revenue source; and should Congress accept the prohibition proposals, the bill probably would be returned to the committee to consider other taxation.

The committee today continued consideration of the excess profit section, but made no decision. Senator Simmons indicated today that the committee might not further consider the special tax on publishers, but leave it for Senate discussion.

## STATE BANK CALL ISSUED

By Associated Press Dispatch.

Columbus, O., June 25.—A call was issued today by the State Banking Department for a report from State banks as to the condition of business at the close of business June 20.

## COAL MEN ON TRIAL

Government Begins the Introduction of Evidence.

Charge Price Conspiracy.

By Associated Press Dispatch.

New York, June 25.—Testimony that price lists fixing \$3 at the mines as the cost of semi-bituminous coal was sent out to operators on the day after a conference of coal presidents and operators in this city in January was introduced by the Government today in its trial of 51 individuals and 102 companies engaged in coal production in the Federal Court here.

It is the Government's contention, as set forth in the indictment, that the defendants conspired in violation of the Sherman anti-trust law to establish prices in the semi-bituminous districts in Virginia and West Virginia.

W. R. Zimmerman, secretary of the Smokeless Coal Operators' Association, called as a witness today, testified regarding the conference here held on January 3.

He said that those present discussed the price of production in connection with increased cost of rails, spikes, steel and labor.

## MURDER FOLLOWS TRIVIAL QUARREL

By Associated Press Dispatch.

Chillicothe, Ohio, June 25.—Bert Frazer, 49, was shot and instantly killed Saturday night on a road near Adelphi, Ross county, by Frank Karsner. Karsner is in the county jail here.

Frazer was walking along the road. Karsner, coming up behind him in a buggy, accosted him. The details of the shooting are not clear. The trouble is said to have grown out of a disagreement over some harness.

## AN EMBARGO COUNCIL IS LATE ORDER

President by Executive Order, Provides for Export Clearing House.

By Associated Press Dispatch.

Washington, June 25.—President Wilson, by executive order, today created an exports embargo council, to administer the export embargo provisions of the espionage act.

By the administration of embargoes through this council, the nation will be able to take many steps for the successful prosecution of the war, and also to prevent supplies reaching Germany through neutrals.

The President's order vests in the Secretary of Commerce the executive administration of all instructions to be issued by the President under the act, and establishes an export council to be composed of the Secretary of State, the Secretary of Agriculture, the Secretary of Commerce and the Food Commissioner.

## TEXAS MOBS LYNCH NEGRO

By Associated Press Dispatch.

Galveston, Texas, June 25.—Chester Sawyer, a negro, accused of attacking a white woman, was taken from jail here early today and hanged near the city limits.

The mob, composed of only a few men, entered the jail by a back door and overpowered the jailer.

# AFTER YEARS OF ABSENCE

Mr. William T. Blaine, Former Resident of Washington, Talks Entertainingly of City's Growth and Discusses International Affairs.

After an absence of twenty years, Mr. William T. Blaine, of New York City, who spent his early years in Washington, is back on a short visit with his uncle, Mr. Henry L. Robinson, and shaking hands with old schoolmates.

Mr. Blaine is a newspaper man of wide experience and now occupies the presidency of the American Newspaper Syndicate in New York City.

Naturally, he sees many changes in his old home town and county with the passage of two decades, and the gratification with which these changes inspire him will be shared by Herald readers.

"How does Washington look from the standpoint of local and surrounding improvements today compared with twenty years ago?" Mr. Blaine was asked.

"The people of this section probably do not realize the remarkable advancement in the appearance of business and residential sections of the town, and the splendid appearance of the varieties of development in the farm section during this period. There are few sections of the United States that have surrounding country of such charm and beauty in nicely rolling country, splendid farms, rich soil, fields of wheat, oats, corn, pastures of cattle, horses, sheep and hogs.

"The splendid character of buildings, and the evident proper pride of practically all of your citizens in the cleanliness of appearance and good architecture of your developments and improvements, are very creditable, impressive and pleasing to the visitor. I must say I am surprised at the improvement of both your city and county.

"It is plain to see that Washington is bound to continue to improve and grow in its general economic values of manufactures and industries, increased soil production and general business activities. It has been a great pleasure to return and meet my old boyhood friends after so long an absence.

The National Survey Today. Mr. Blaine's newspaper activities have carried him all over the world, and previous to the great war, he spent several years in Europe. His business experiences and his personal interest in international affairs have put him in close touch with matters pertaining to the war and his viewpoint for that reason is more than usually interesting.

"You have asked me to give you a statement regarding our position in the world's affairs today.

"The United States is today the bright star in the galaxy of over seventy important nations of the world. The issues that have brought about the present world's cataclysm, the crisis has not yet been reached, were 'made in Germany.'

"The world is working out an age-old problem. To be clearly understood, we must realize that the history of the two billion people upon the earth, divides into four definite periods.

"With this in view, we must realize that the world has had three forms of government, imperial despotic monarchy, of which the most recent examples were China and Russia, each of which have cast them aside and adopted a government formed along the lines of the United States, which

is the first triumphant democracy of the world towards which today the gaze of all nations is turned for ideals and principles and commodities.

"As a brief idea of our international service, our inventive genius today lights the cities of the world; our elevators make possible the great cities of granite and steel; our typewriters, sewing machines and agricultural instruments convey universal intelligence, clothe the world and plant and reap the crops of the world.

Germany. "Germany in the world's forward movement of progress stands alone as the advocate of the ancient and outworn principle of the divine right of the king and his special privilege of imperious authority and military despotism.

The United States. "The United States has the most enviable position of any nation in the world. In our Monroe Doctrine is the rightful, righteous guardian of a hemisphere.

"There can, there must be but one final conclusion of this world-wide and international issue—the triumph of democracy, of which our nation is the leading exponent. When finished, as we have set ourselves as a sacred duty to the task, we will sit in the council of nations as the leading nation of the world in economic values, banking and finance, general material interest, and the exponent of the world's most advanced and correct ideas, by which we will benefit incalculably."

## LAST DETAIL OF DAHL-CAMPBELL TRIP COMPLETED

Party More Than 1000 Strong Departs Monday of Next Week for Delightful Outing on Great Lakes—Bookings Can Be Made Until Saturday Night.

Mr. W. M. Campbell returned Monday from Toledo, where he completed the last detail of the big outing, which takes place next week, with more than 1,000 retailers and other citizens including many from this city and community, will enjoy a week on the Great Lakes with a day in Chicago.

The arrangements have been completed, even down to what is to be served at each meal of the trip.

Three special trains have been chartered to carry the party to Toledo. One of these trains starts at Blanchester, another at Wellston and a third at Lancaster.

The first train leaves this city next Monday morning at 7:09 a. m.; the second at 7:15 and the third at 7:45.

Up to the present time more than 900 persons have booked for the trip, and reservations are coming in rapidly, particularly from persons who desire an ideal outing at small cost, and bookings will be made until Saturday night of this week, unless all reservations are taken before that time.

The two big lake vessels are now in Toledo harbor, ready to dock at the White Star Line docks, and take the Dahl-Campbell party aboard.

Because arrangements for the trip were made nearly one year ago, and contracts signed, the Dahl-Campbell outing is one of the few big outings possible this season, and the trip is one of countless pleasures and is proving highly popular among customers and consumers of the firm.

Mr. C. W. Lewis is booking parties from this city and community.

PYTHIAN SISTERS.

Regular meeting of Washington Temple No. 380, Tuesday evening, June 26th, at 7:30.

GRACE HYER, M. R. C.

## TWO KILLED AND ONE FATALLY HURT IN FREIGHT WRECK

Monster Engine Goes Into Burned Bridge Near Waverly at Two O'clock This Morning—Worst Wreck on D. T. & I. in Years.

The worst wreck experienced by the D. T. & I. railroad in recent years occurred near Given Station, below Waverly, at two o'clock Monday morning, when engine No. 201, weighing 340,000 lbs., went through a bridge which had been weakened by fire, and killed Engineer Chas. Litter and Fireman Kirsh, of Springfield, also fatally injuring Breakman Davis, of Springfield.

The big engine was pulling an extra southbound freight which had passed through this city earlier in the night, and several bents of the bridge had been destroyed or weakened and the engineer could not see the danger until too late to prevent the dreadful crash into the creek 30 feet below.

Frantic efforts to bring the long train to a stop before the engine was upon the bridge were unavailing, and a few moments later the great engine had struck the danger point, and plunged into the creek, seriously damaging it.

Both Engineer Litter and Fireman Kirsh were carried down with the engine and met instant death. Breakman Davis was crushed and mangled so that death is expected at any time.

A wrecker was summoned from Springfield and arrived on the scene early Monday morning, but it will be sometime Tuesday morning before the bridge can be rebuilt and the track opened to traffic.

The bodies of the dead men were taken to Springfield Monday afternoon. Both men are well known in railroad circles in this city and have numerous friends here.

An investigation as to the origin of the fire is under way, and is expected to develop that the fire was kindled by an alien enemy who is at work in this part of the country endeavoring to cripple railroad facilities, the D. T. & I. hauling vast quantities of coal and iron ore vital to the conduct of the war.

## SHERIFF H. W. JONES IS MARRIED FRIDAY

Sheriff Henry W. Jones and Mrs. Ethel Dixon surprised their wide circle of friends Sunday, by announcing their marriage which occurred at Newport, Ky., Friday evening of last week, and which was kept secret until Sunday, when formal announcement was made.

The announcement was a profound and pleasant surprise to the friends of both, and Sheriff and Mrs. Jones are now receiving congratulations from all sides.

Mrs. Jones is the daughter of Mr. and Mrs. Edward Shobe, of near Austin, and has a large circle of friends in this city, and southeastern Fayette.

Sheriff Jones formerly conducted a general store and was postmaster at Milledgeville, later being named Deputy Sealer of Weights and Measures of Fayette county, then elected Sheriff and so capably filled that office that he was re-elected by an overwhelming majority.

Sheriff and Mrs. Jones are now at home in the Sheriff's residence.

## IMPRESSIVE SUNDAY SERVICES

Rev. W. Boynton Gage delivered a fine address to the K. of P. at the annual memorial services, held at the First Presbyterian church Sunday night.

The order occupied the center of the auditorium.

There was special music, Miss Ada Woodward taking the solo in a beautiful anthem and Miss Mazie Kessler and Mr. Ernest Harvey playing a lovely violin and cornet duet.

The morning communion service was wonderfully impressive, with the ordinance of baptism administered to seven babies and a number received into the church.

## SUGAR GROVE W. C. T. U.

Regular Meeting of Sugar Grove W. C. T. U. at the home of Mrs. Bruce Pine, Wednesday afternoon, June 27. All members, who have not already paid, are urged to pay dues.

SECRETARY.

H. C. FORTIER, PIANO TUNER. AUTOMATIC 4061; BELL 105-W-2.

They work while you rest—Herald "want ads."

## RECEIVES COMMISSION

Dr. George Kerr, who was delayed and reached Ft. Benjamin Harrison Saturday, has been commissioned First Lieut. of the Sixteenth Unit and with three other physicians, Drs. Hamilton and Miller, of Delaware, will have charge of a hospital Corps of 82 Ohio Wesleyan Students. It is now expected that they will be stationed in England in charge of a base hospital.

## CHARGE DISMISSED NO JURISDICTION

Susan L. Shelman, 15, of the Greenfield community, appeared before Mayor Oster and filed an affidavit charging a serious offense against Nelson Frost, of Greenfield, but when the hearing came up Monday morning the charge was dismissed for lack of jurisdiction, and Marshal Knedler of Greenfield took the man into custody, an affidavit having been filed at that point after it was established the crime occurred in Highland county.

The man was first arrested on a charge filed in Ross county, so that his arrest by the Highland officials is the third time.

## TAKEN TO HOSPITAL

Mr. B. H. Vance, widely known resident of Madison Mills, was taken to Battle Creek, Michigan, today, in a very serious condition, to undergo special treatment at that point. He was accompanied by his brother, John Vance, and his nephew, Tolien E. Brown.

## UP TO RAILROAD ON S. FAYETTE

All brick on the South Fayette street paving job were laid as far as the C. H. & D. railroad, up to Saturday evening, and the remainder of the work on that street will soon be completed by the contractors, less than two squares remaining to be paved.

## MARRIAGE LICENSES

Losson D. Upp, 21, mechanic, Jeffersonville, and Lavon Turner, 19, Jeffersonville. Rev. Wislon. Owen Hidy, 24, farmer of Union township, and Minnie Rosebloom, 26, Rev. Groves.

## BANNER PRICE FOR LOAD OF WOOL

Mr. Lewis Mark, well known farmer of Staunton, brought in one load of wool Saturday that brought him seven hundred dollars.

## GUILD MEETING

The Woman's Guild of the Presbyterian church will meet with Mrs. John Paul on E. Court street Wednesday at 2 p. m. All the ladies of the church are cordially invited.

149 12

A BEAUTIFUL EVENING

GOWN FOR THE SEASON

CLASSIC LINES. Turquoise blue velvet overhung by chiffon of the same shade and clouded about the shoulders with white tulle like a mist makes a gorgeous frock for evening wear. The narrow front panel is silver cloth, a strip of which girds the straight lines.

## United States Battleship Rhode Island

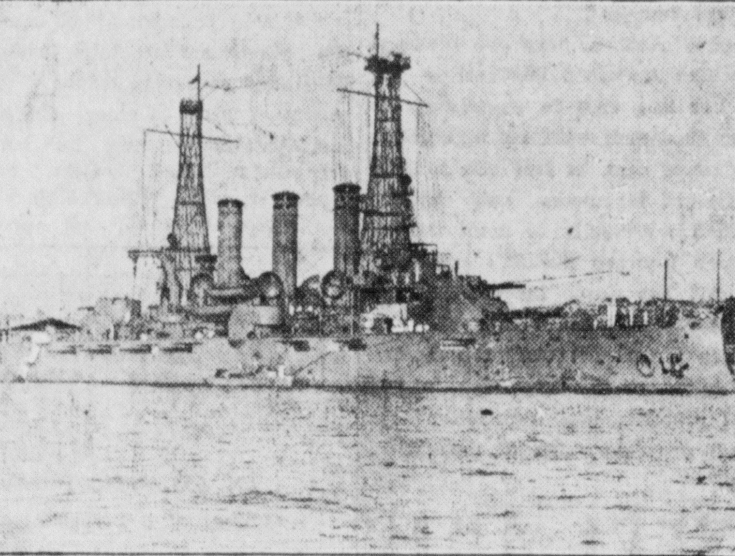

Photo by American Press Association. The Rhode Island is 441 feet long, with a displacement of 14,984 tons. She has four twelve-inch and eight eight-inch guns. Her keel was laid in 1902, and she has a crew of 812.

## BUSINESS MEN MUST WHIP GERMAN EMPIRE

Rome, June 25.—(Correspondence) "Talk, words, won't whip Germany in either a military sense now or in a commercial sense after the war," said Edward Herriot, Senator of France, war Mayor of Lyons, member of the French Economic Council and a delegate here to the International Commercial Conference.

"So far as concerns France and the United States, I want to see the business men of the two nations get together now and talk business and do business in a big way. I have been invited to the United States and may go there in August or September. I have never been there, but now that we are allies, I wish to in order to meet people and understand the country better. In the Lyons Fair which we have held for two years and which we will again hold next March, there will be an especial branch for business men."

"Only since the United States became an ally have we determined to establish at the Lyons Fair a branch to be known as the Business Men's Exchange. This branch will not be for talkers but for doers. I am said to be more like an American than a Frenchman, and I want to get American men of action to come over to the Fair. Last March Americans did business to the amount of forty-eight millions there, and I hope this next March they will do more. Americans need to know more about the things we have to sell in France, and we in particular need the heavy machine parts made in America for construction work. We need to be taught some of the American's ways of organizing business, of doing it quickly."

"This Business Men's Exchange will give Americans a chance to do business not only with us, but with Italians, with Englishmen, with Spaniards and others. For instance, it might lead to the building of the projected canal from Geneva, Switzerland, to Lyons, the center of industrial France, on down to Marseilles, connecting with great Rhone-Marseilles canal now being completed. This exchange ought to lead to the electrification of some of the French and Italian railroads, to the building of plants to utilize the water power of the mountain streams of these two countries."

"There's plenty of big business doing over here and we want the big business men of America to help us, to shape in it."

BIBLE CLASS NOTICE. Members of the Tabernacle High School Bible Study Class will please notice that the place of meeting has been changed to Mrs. H. E. Coffman's residence on Temple street, Tuesday June 26, 2:30 p. m. SECRETARY.

One ship we can afford to lose is the censorship.—Brooklyn Eagle.

## A. P. VICTORIOUS IN INJUNCTION ACTION OVER STEALING NEWS

By Associated Press Dispatch.

New York, June 25.—The United States circuit court of appeals has granted the full prayer of the Associated Press in its case against the International News Service, and has directed the district court to issue an injunction in accordance therewith.

Frank B. Noyes, president of the Associated Press, explains the significance of the decision as follows:

"The broad effect of this decision is to establish the right of the Associated Press and of every other news-gathering agency to enjoy the fruit of its industry, expenditure and enterprise. The injunction against the securing of our news by corruption of employees and by surreptitious theft, required, of course, only proof that these means were being employed, but the concern thus enjoined contended that after Associated Press news was printed in one newspaper or placed on one bulleting board, all right of property vanished and that it could be freely taken and sold in competition with the Associated Press and with its individual members who had paid for its original gathering. Greatly to our satisfaction, the court has decided that such a contention is subversive of fundamental justice."

MITE SOCIETY. The Wesley Chapel Mite Society meets with Mrs. Lester Dodd, S. North street, Wednesday afternoon at 2:30. Good attendance urged. 148 13

## THE OLD RELIABLE STILL IN THE LEAD

## Poetry For Today

FARMERS

Old Cadmus was a farmer,  
Though born to spear and shield;  
Arrayed in brazen armor,  
He tilled a stubborn field.  
With dragon's teeth he sowed it then  
And from Bocotian glebes  
There leaped the valiant fighting men  
That crowned the walls of Thebes.

Old Cadmus was our brother;  
A goodly crop he grew—  
As we shall grow another  
That below the acres, too.  
Our garden beds and fertile farms  
Shall yield the strength divine  
That nerves the mighty man-at-arms  
And build the battle line.

Then bravely to your labors,  
My lads that dig the loam!  
Your blades of wheat are sabers  
That strike for flag and home.  
And though ye gain but little thanks  
That wield the spade and hoe,  
Your hills of corn are stalwart ranks  
That march against the foe!

—Arthur Guiterman, in Collier's Weekly.

## The Good Roads

In a letter addressed to Marion County Pomona Grange, Clinton Cowen the state highway commissioner defines clearly the present attitude of the state regarding good road building and the maintainance of the roads already constructed. Failure to properly maintain the roads already constructed would be in the opinion of Commissioner Cowen, the most costly of false economy and he is right about that. If there is any retrenchment in expenditures necessary it should be in the construction work and not in the work of preserving that which we have.

That feature of Mr. Cowen's letter is particularly important.

In our opinion there is entirely too much money spent in first cost construction of roads and too little in maintaining roads.

We would have many more miles of good road in Ohio and our good roads would last much longer in fact the longer they were used the better they would be—if about sixty per cent of the first cost was saved and a comprehensive and intelligent repair or maintenance system established and rigidly adhered to. Our costly good roads—even the brick roads—are not going to last long unless they are maintained and it costs a great deal more to maintain that kind of roads than it does the old limestone or gravel road properly graded and drained.

It is strange that with all the money spent in experimenting the state does not try out, the less expensive first cost and better maintenance plan. Certainly a plan which might give us more miles at less cost and longer life for roads is worth a trial.

But we are with Mr. Cowen in his insistence that we should "keep up" the roads already constructed.

## The Negro Emigration

The exodus of negro workers from the southern states continues to be one of the big questions for consideration. Authorities estimate that in the last eight months, during which this shifting of negro workers from south to north has been so marked as to arouse attention, more than three hundred and fifty thousand have come north.

The south is very gravely alarmed at the prospective shortage in labor especially on the farms which this exodus will, unless checked, produce.

The north is disturbed lest the advent of such tremendous numbers of negroes will produce labor troubles or leave, the coming winter as a charge on the public charities, scores of thousands of human beings unable to support themselves. Consequently both sections are endeavoring to check the flow of the tide of emigration which has been running so strong.

The partial failure of the cotton crops, the smaller acreage planted seems hardly sufficient to account for the drift. The southern negro is neither thrifty nor ambitious and it is scarcely probable that the passing of so many acres of the cotton field with its consequent lessening of opportunity could be the explanation. Attempts to locate any considerably colonization organization in the north have failed. So far as the authorities can ascertain the reason for the shifting is still an unsolved mystery.

## A New "Trade Alley."

Not so many years ago one of the sights about Washington on monthly sale day was "trade alley." That was the name given to the place where the men who dealt in cheap horses, congregated discussed and cursed the conglomerate bunch of medium, common and no account horses that had been gathered up during the month previous over four or five counties and herded into "trade alley" on sales day for bartering purposes. The men who dealt on trade alley were as different as the horses they handled. There were poor but honest men, thieves of all kinds, sober men and drunken men, men who lived by breaking every law on the statute books from petit larceny to murder.

The coming of the automobile and passing of the horse from the monthly sales market brought along the disappearance of "trade alley" which in those times was confined to no settled territory but shifted about when the authorities and the business men thought it better to move the site.

What we meant to call attention to, however, was that another "trade alley" was fast developing embracing within its confines every street of the city and every road of the countryside. The coming of the second hand and discarded automobile into the hands of the financially and morally irresponsible has brought "trade alley" back again. Now instead of the broken down "bates" fast traveling the route to the fertilizer plant we have, the wheezy, noisy old automobile diverted from its direct road to the junk heap long enough to furnish the subject matter of a trade and an abomination to folks who live nearby to the place where a trade is in prospect.

## Weather Report

Washington, June 25.—Ohio, Western Pennsylvania: Fair and warmer Monday; Tuesday showers, with probably thunderstorms. Lower Michigan — Showers and thunderstorms Monday and probably Tuesday; warmer. Tennessee, Kentucky — Partly overcast Monday, followed by local thunderstorms by night and on Tuesday, continued warm.

## SOME FLEECES AT FANCY PRICES

Mr. W. R. Shobe, one of the prominent farmers of the Fairview locality, has sold to J. A. Anders & Son in this city, 171 fleeces of extra choice Delaine wool, the fleeces averaging 11 1-3 pounds, or a total of 1938 pounds.

The present price of high class wool is 65c per pound.

## UNDERGOES OPERATION

Miss Bertha Graves, of Selden, who has been making her home with Mr. and Mrs. Ernest Arbogast for some time, and has been seriously ill the past week, was taken to the Fayette hospital Sunday and underwent a surgical operation.

Friends will be glad to know that Miss Graves is getting along nicely.

Dr. E. F. Todhunter is the attending physician.

## UNDERGOES OPERATION

Miss Besale Graves was taken to the Fayette Hospital Saturday evening, and underwent an operation on Sunday. She is doing very well.

## MUCH CONFUSION AS TO CITIZENSHIP

By Associated Press Dispatch.

Columbus, O., June 25. — So Many "mix-ups" as to the allegiance and citizenship have occurred in all countries as the result of the present world war that after it terminates an international conference likely will be called to draft new regulations for future observance in the opinion of Dr. H. C. Keidel, a subject of Germany and a professor of German at Ohio State University.

Dr. Keidel plainly is a subject of Germany and therefore an "alien enemy." Mrs. Keidel, however, was born in America. Her original American ancestors came from England in 1634 and members of the lineage since have fought in every war of the United States. Her father is a Civil War veteran. Their children, a son and a daughter, both are citizens of the United States, yet subjects of Germany. Born in this country, they are citizens of this country. Under German laws, however, they are subjects of the Kaiser until they are 8 years of age.

Dr. Keidel declares if Germany had not become enrolled in a war he before this time would have taken out his "first papers." He came to this country in 1913 as an exchange professor and thus was in the employ of the German government until October 1914. He says he did not want to take out citizenship papers before his employment with Germany expired. Whether he will be retained or dismissed at the University because he is an "alien enemy" will be decided by the trustees of the university at their next meeting.

## ISN'T THIS ATTRACTIVE SUMMER MOTORCOAT?

**DASHING EFFECT**  
Navy blue gaberdine, cut with a draped top and full skirt accentuated by the hip ruffles lined with cherry red silk, gives this swaggar topcoat. Cuffs and military collar of cherry broadcloth add pizzazz.

## MINIATURE RACE WAR

(Associated Press Cable.)  
Paris, June 25.—Two Turks, a Greek and three Spaniards who had no connection with the restaurant trade were arrested for disturbances around restaurant doors during the recent labor agitation. They were immediately sent to civilian internment camps.

A certain part of the French press attributes the interference of these foreigners to German influence or to the influence of German money which they suppose still finds its way into the pockets of individuals enjoying the hospitality of the capital and capable of turning peaceable labor manifestations into disorder and violence.

## BRITISH SUBJECTS TO BE ROUNDED UP

By Associated Press Dispatch.  
Columbus, O., June 25.—British subjects in Ohio, subject to military conscription will be rounded up during the next few weeks by Lieutenant R. O. Campbell of the Royal Engineers of St. John, Quebec. Lieutenant Campbell has established headquarters here and will remain in Columbus for an indefinite period.

With Lieutenant Campbell is F. M. Gobbright, who gives his address as Pittsburg. Other assistants will arrive in the near future to make complete the census of British subjects in this part of the country.

## TELEPHONE GIRLS MUCH IN DEMAND

By Associated Press Dispatch.

Coshocton, O., June 25.—Coshocton telephone girls are leading the matrimonial list in this county, eight operators having been married since April 30. The companies have had to advertise for help.

Of the thirty-five employed when the operators started the rush on the probate court, eight were married in two months and six of them within three weeks. Two others have announced their engagements.

School mistresses were next on the list, six of them taking the oath of wedlock in the same period of time. Among the young men, the farmers hold a wide margin over the other occupations. Twenty young agriculturists of Coshocton county took wives unto themselves during the period from April 4 to June 18.

## MEXICO'S TAXATION WILL SOON ATTACK

By Associated Press Dispatch.

Mexico City, June 25.—New taxes will go into effect July 1 on articles not previously subject to taxation. Telephones in residences will be taxed 50 centavos a month and office telephones one peso a month after that date. This is a stamp tax and will be collected by the telephone companies.

A tax has been imposed throughout the republic on all forms of advertisements. Newspaper advertisements are taxed ten per cent of the amount received. Each electric light globe is taxed ten centavos monthly.

All bottles containing alcoholic drinks of foreign production are taxed twenty centavos each, except beer which is taxed ten cents a bottle. Native liquors and beers are taxed about fifty per cent of the rates on foreign goods.

## HOW BIRD MEN ARE BEING INSTRUCTED

By Associated Press Dispatch.

Columbus, O., June 25. — Embryo bird men, taking the government's intensive course in army aviation at Ohio State University, have reached the point in their studies where an unique method of topographical study and reading is being applied.

After the required number of hours per day have been devoted to applied physics, mechanics and mathematics the "aviators" perch themselves upon the rafters of the armory building at the university and practice dropping bombs on a broad map stretched up on the floor, representing portions of Belgium held by Germany. Hits on important and strategic positions previously marked on the "aviator's map" before the "ascent" are registered on the map by means of electric lights. The aviator shows these hits on his own map and the comparison later marks the degree of efficiency which has been reached in topographical reading.

If it is true that the people of Constantinople haven't yet heard that the British have captured Bagdad, it shows a postal condition that needs a Democratic administration.—Dallas News.

An army at the front is worth two in the training camps. — Baltimore Sun.

## In Social Circles

A pretty June wedding took place at five o'clock Sunday afternoon at the home of Mr. and Mrs. Fred Roseboom, when their daughter, Minnie, was united in marriage to Mr. Owen Hidy, son of Mr. Cass Hidy.

Rev. G. L. Grove, of the Church of Christ, performed the ceremony in the presence of the immediate relatives and a few close friends.

The bride, a very pretty girl, was wearing white voile, with trimmings of white satin.

She was attended by her sister, Miss Lucy, and Mr. Owen Barr, of Dayton acted as best man.

The home was tastefully decorated in pink and white roses and peonies and the pink and white color scheme carried out in the details. After congratulation a delicious wedding supper was served.

Mr. Hidy, who is a well known young farmer of ability took his bride at once to the H. W. Wilson farm on the Bloomingburg and New Holland pike which he will operate. Their home was completely furnished and in readiness.

Both bride and bridegroom have an unusually large number of friends who are extending best wishes.

A jolly picnic party at Rock Mills

Saturday afternoon included Misses Aileen Hess, Doris Willis, Virginia Campbell, Mary Hannah Bliss, Eleanor Jones, Mary Casey, Rosalie Slagle, Roland Slagle, Arthur Lewis, Cyril Moore, John Crayton, Griffith, Eugene Bliss, Willis Willis, Edward DeWees, Miss Jeanette Weaver chaperoned.

Mrs. J. A. Hartley entertained with an elegant dinner Sunday at her home on Clinton Ave. in honor of her son Mr. R. G. Hartley and family of Detroit, Mich.

The guests numbered thirty-five. Those from out of town were Mr. and Mrs. R. G. Hartley and son Robert, Jr., of Detroit, Mich.; Mr. and Mrs. Henry Peelle of Dayton, O.; Mr. and Mrs. Homer Snow and baby son John Raymond of Lees Creek; Mr. Lawrence Parker of Xenia; Mr. W. E. Walters and Mr. Morris Josephson of Columbus, O.

Mr. and Mrs. E. L. Fichthorn of Milledgeville entertained at an enjoyable dinner Sunday in honor of the birthday of the former's mother, Mrs. Mary Fichthorn, of Plymouth. Mrs. Fichthorn's sisters, Mrs. Lucy Miller and Mrs. Sallie Barnes were also guests.

Miss Elizabeth Hendryx has as her guest Miss Grace Lyle of near Greenfield.

Ralph H. Grieses, Jr., graduate of 1916 class of Springfield High School and well known among the younger set of this city, spent last Saturday and Sunday with Mr. and Mrs. Alvin Hyer, of Broadway, and also Mr. and Mrs. Frank Grieses, of Oak street.

Mr. and Mrs. R. W. Hutson, Mr. and Mrs. Noah Smith, Mr. and Mrs. Harry Foreman and daughter, Miss Katherine, Mrs. Helen Satchell of Blancheville visited Mr. and Mrs. Chas. Glaze and family Sunday.

Miss Florence Van Horne of Dayton was the week end guest of Miss Edna Hamm.

Miss Zella Patton, of Columbus, spent Sunday with her mother, Mrs. Mary Patton.

Mr. Curtis Breech was over from Dayton spending Sunday.

Mrs. Wm. Worthington, daughters, Miss Edith and Jean, Mr. Homer Garrett and family, were motoring guests of relatives below Hillsboro, Sunday.

Mrs. Sidney Knight returned to Columbus Monday after a week's visit at the home of Mr. R. C. Peddicord.

Mr. and Mrs. E. R. Johnson of Leesburg spent Sunday the guests of their son Mr. Daryl Johnson and wife.

Mr. and Mrs. Roy Dove and children arrived from Shelbyville, Ill., Monday to visit Mrs. Dove's parents, Dr. and Mrs. W. E. Ireland.

Mr. H. T. Wilkin and family motored to Hillsboro Sunday. Mrs. Wilkin and sons remain for the week with the former's mother, Mrs. W. N. Bean. Mrs. Howard Tolle, sister of Mrs. Wilkin, was severely bitten by a pet bull dog the last of the week and taken to Columbus for the Pasteur treatment.

Paul Hughey was home from Ft. Benjamin Harrison to spend Sunday with his mother Mrs. J. W. Hughey. He passed the federal examination and is now a member of the Aviation corps.

Mrs. Guy Morgan, of Dobbs Ferry, N. Y., an O. W. U. friend of Mrs. Ed. Fite, was Mrs. Fite's guest Saturday.

Mrs. Allen Eyeman is spending a few days with friends in Columbus.

Miss Emily Palmer returned Saturday evening from Detroit, Mich., having completed her course and graduated from the Domestic Science department of the Thomas Training School.

Mrs. Bennett King and baby son, Frederick, Mr. and Mrs. Russell Townsley of Lancaster, are spending the week with Mrs. King's brother, Mr. Fred Conner at the Conner home, near Jeffersonville.

Mr. Clyde Davis was over from Middletown spending Sunday with his parents Mr. and Mrs. Geo. Davis.

Mr. Herman Morris is on a trip through the west in the interest of the Interstate Serum Co. of Kansas City.

Mr. Paul Dunn was down from Columbus over Sunday.

Dr. Glenn Dennis, of Bowersville, visited his uncle, Dr. J. F. Dennis and family Sunday when he brought over a patient to the Fayette Hospital.

Mr. G. W. Bybee returned Monday from an extended visit with his brother, Mr. Wm. Bybee, in Norfolk, Va., also visiting in Portsmouth, and Richmond, Va., Washington, D. C. and Pittsburg, Pa.

Ralph Strobel was over from Dayton spending Sunday with his mother Mrs. E. J. Strobel. He passed the

Federal examination in Cincinnati last week and has enlisted in the Signal Corps Reserved. Mr. Strobel expects to be sent to France.

Mr. H. E. Smiley and family, of Hamden were the guests of Mr. Robert Rowland and family at their beautiful country home on the Chillicothe pike, last week enroute from a motoring trip to the northern part of the state.

Mr. Ellis Hays and family were visitors from S. Charleston here Saturday.

Mrs. Hannah Creamer and daughter, Mrs. Ruth McMillers, of Jeffersonville, were Sunday guests of Mr. and Mrs. Howard Allen.

Mr. and Mrs. Harry Speelman motored over from Piqua Sunday to be the guests of Mrs. Kerr and to take home Mrs. Sarah Harrison from a week's visit.

Mr. and Mrs. Norman McLean, Mr. Howard McLean and family were motoring visitors in Springfield Sunday.

Mrs. Rachel Foster, daughters, Mrs. Harry Foster, Misses Pauline and Marion of Waverly, were the guests of Mr. John L. Durant and family over Sunday. Marion will remain for a visit, Mrs. Durant motored over to Dayton with them Monday.

Mrs. Fred Creamer spent Monday in Columbus.

Miss Elizabeth Johnson went to Cincinnati Monday for several days' visit with Mrs. Ruth McDowell McCoy.

Mrs. Alice Moorman left Monday morning for a two months' trip through the west, visiting Dr. and Mrs. Michael Creamer and other friends in Los Angeles, and Mrs. Arvilla Rowe Merriman in Alameda, Cal.

Mr. and Mrs. J. M. Kershner, Mr. and Mrs. Stephen Reed made a motoring trip to Cedarville and Springfield Sunday.

Mr. and Mrs. Harley Bostwick, Mr. and Mrs. Newton Bostwick, Captain and Mrs. Bostwick motored from Mt. Sterling to attend the chautauqua Saturday afternoon.

Mrs. Loren Berry and children, Mrs. Faith Patton of Dayton, were motoring guests of Mr. and Mrs. W. T. Holmes Sunday.

Clark Kershner is spending the summer vacation with his grandmother, Mrs. Denney, near Cedarville.

Mr. Jas. L. Kelley of Milledgeville spent Sunday at Sulphur Lick Springs.

Misses Lillian Woodruff and Bess Blue of Milledgeville left Monday for Athens to take the summer normal course at Ohio University.

Miss May Smith and brother Frank of Milledgeville are visiting their sister, Mrs. Ira Eckle and family at Delaware. Later Miss Smith will enter Bliss College to take a commercial course.

Misses Lella Culberson and Marie Allen of Milledgeville left Monday morning to enter Wittenberg College, Springfield, for the six weeks normal course.

PRACTICAL TASKS NEED PRACTICAL CLOTHES

WORKING EASE

Munition workers have founded a cult for overalls. Their comfort and freedom are ideal for housework, where skirts and frills impede. These strap in below the knee in a buttoned band, while huge pockets are a handy detail. The material is blue ging-ham.

## ARMY CAMP WORK BEGINS IN SHORT TIME

Local Labor Exchange to Furnish All Men From This Section.

Five or Six Thousand Men Needed—Government Warns Not To Go To Chillicothe.—Apply Here.

B. F. Toops, in charge of the local office of the Fayette-Clinton Labor Exchange, with offices on South Main street, is in receipt of an official notification from the National Government to the effect that work at the army cantonment site at Chillicothe will commence about September 1st, next.

All labor, skilled and unskilled, will be secured by the National Government, the notification specifies, through the labor exchanges and the government officials warn everyone not to go to Chillicothe seeking employment as no mechanics or laborers will be employed there—all must come through the labor exchanges.

Between five and six thousand men will be needed when work is begun. Carpenters, electricians, cement finishers, plumbers, pipe fitters, carpenters' helpers and common laborers will be needed.

The local labor exchange will receive all applications for this section and all those who expect to secure work at Chillicothe this fall in the big cantonment work should file their applications at once.

## PROMPT ACTION SAVES TWO LIVES

Mr. and Mrs. Frank Jamison of this city had a very narrow escape from drowning in the waters of Deer creek, near Waterloo, Sunday afternoon, while wading in the stream and stepping into a deep hole.

The efforts of Mr. Jamison to rescue his wife were proving futile when Mr. Stanley Schneider plunged into the water and by heroic efforts brought both to shore. It required some little time to restore Mrs. Jamison to consciousness.

The near tragedy occurred while Mr. and Mrs. Will E. Dale and family, Mr. and Mrs. Schneider and Mr. and Mrs. Jamison were enjoying the afternoon along Deer creek.

## FUNERAL SERVICES OF MRS. BESSIE COBLENTZ

The remains of Mrs. Bessie Coblentz, who died following an operation at the Miami Valley Hospital, at Dayton, Saturday morning, were brought to this city Saturday evening and taken to the home of her sister, Mrs. Frank Plymire, South Main street. Mr. Erk Cesler, a brother, and sister, Mrs. Gertrude Armstrong, of Dayton, accompanied the remains here.

Mrs. Coblentz's death is especially sad and the sympathy of many friends goes out to the family. The husband died some four years ago and three orphan sons are left—Harry, aged 13 years, Walter, 11 and Robert, 8.

Funeral services were conducted by Rev. Kerr, Monday morning, from the Presbyterian church, Bloomingburg. Acting as honorary pallbearers were

the six nieces, Mrs. Mildred Talkington, Mrs. Glenn Cummings, of Springfield, Mrs. Clarence Moore of Columbus, Misses Anita, Laura and Dorothy Plymire, this city.

Relatives from out of town attending the funeral were the two brothers, Mr. Erk Cesler, Dayton; Mr. John Cesler, Leesburg; sister, Mrs. Gertrude Armstrong, Dayton; father-in-law, Mr. Newton Coblentz, and son Homer, Dayton; nieces, Mrs. Mildred Talkington, Mrs. Glenn Cummings, Springfield; Mrs. Clarence Moore, Columbus.

Interment was made in the Bloomingburg cemetery.

## BRINGS SUIT OVER PURCHASE OF WOOL

Monday morning J. A. Anders and Son, in common pleas court, filed action against Benjamin Yates, asking judgment in the sum of \$136.06 for failure of the defendant to carry out an alleged agreement to sell certain wool to plaintiffs.

Plaintiff charges that on May 21, 1917, he purchased of defendant 135 fleeces of wool, at 55 cents per lb. to be delivered from June 29, and that defendant failed to do so, and has kept plaintiff's wool sacks. Plaintiff says wool at the time it should have been delivered was 69c and that the fleeces should weigh 1012 pounds. Post & Reid represent the plaintiff.

## TWO MORE FAYETTE FARM DEALS CLOSED

The J. A. Tway farm, near Buena Vista, has been sold to Ot. Smith, of near Good Hope, for the sum of \$15,000. The farm consists of 70 acres and is one of the best estates in that community.

The Harvey Kellar farm of 140 acres, located near Madison Mills has been sold to Elmer Davis, of near cochrans at \$120 per acre.

Both deals were made through the agency of Ben Jamison.

## WANTED AT ONCE

Five men to work at The Sears & Nichols Canning Company. Apply to Fayette-Clinton Labor Exchange, So. Main street.

Potatoes are as necessary as cartridges," says Governor Stephens, and much more digestible, it might be added.—San Francisco Chronicle.

## TAKES GUN FROM MAN WHO FIRED SHOT INTO AUTO

Charles B. Johnson Takes Charge of Gun After Drunken Jackson County Man Fired Into Car Containing Mrs. Johnson, Miss Blackman and Himself.

When a drunken man fired a rifle into his automobile, Sunday afternoon, Charles B. Johnson, of the Johnson Auto Sales Company, and proprietor of the Wonderland Theater, deliberately stopped his car and going back to where the man was standing Mr. Johnson made the fellow admit that he had fired at the car, and then took the man's gun from him and now has it on display in the window of his sales room on Court street.

Mr. and Mrs. Johnson, and Miss Edith Blackman were on their way to Jackson and were near Redmond 13 miles from Jackson, when the affair took place. They were riding quietly along the road when the man stepped from his house 50 yards distant, threw a rifle to his shoulder and fired.

This was too much for Mr. Johnson, who stopped the car and went back to see what the man's action meant. The fellow had a bottle of beer in his hand, and had been drinking heavily. He finally admitted to Mr. Johnson that he had fired at the car to puncture a tire, and as there was a mark upon the tire indicating that he had struck it, Mr. Johnson proceeded to take charge of the 22-rifle and allowed the fellow to go about his business, very much frightened and entirely sobered.

Mr. Johnson has not decided what he will do about the matter, but is inclined to place the affair in the hands of the prosecutor of Jackson county and have the man prosecuted to the limit, as such action is punishable by a long term in prison.

The man used a 22-caliber long cartridge, and had it struck either occupant of the car, would have resulted fatally.

The car also carried the American flag which adds to the seriousness of the offense.

**Buy Coffee only from your GROCER**

OFF the end of a dust-covered wagon is no place to get your coffee. You'll not find Golden Sun there—but only at your grocer's. And it's worthy of his store—because its quality is superb—its price modest and its use good housekeeping. For Golden Sun makes into full-bodied, rich, mellow, clear, fragrant coffee. There's no chaff—it's all coffee. Neither are there premiums.

**HALF MILLION VOLUNTEERS**

(By American Press)

Washington, June 26.—The president having designated the present week as recruiting week for the regular army, Secretary Baker has sought the aid of the newspapers in enrolling the 70,000 men needed to fill the ranks by June 30. No explanation of the need for getting the men by June 30 has been given, but it has been assumed that it has to do with getting forces to Europe.

Recruiting offices throughout the country have been instructed to advise with the editors of the newspapers in their section to work out ways of stimulating interest.

Brigadier General McCain, adjutant general of the army, pointed out again that, under the selective army bill, every man who volunteers in the regulars now from any state means one less that state will be required to furnish in the national army.

More than 500,000 men have volunteered in the American army and navy during the period of less than three months that has elapsed since war was declared to exist. The army, navy and national guard represented an aggregate strength of little more than 300,000 men when the war resolution was adopted. Today between 700,000 and 800,000 are enrolled in the various branches of the army and navy and the great majority of them are armed, equipped and under training. They will be joined at the end of the summer by nearly 1,000,000 men, selected for the new national army from the millions of registered for war June 5.

The national guard, 150,000 strong when war came, numbers nearly 260,000 today, according to the best estimates available. Of that number nearly 75,000 actually are under arms, guarding against German plotters and doing the job in a thorough and soldierly way, as shown by the trivial damage the plotters have been able to inflict.

An entirely new force of railway engineers for duty in France to handle railway problems behind the fighting lines also has been created. Recruiting figures are not available, but it is known that some of the regiments are now at full strength and ready to go. Probably 12,000 men have already joined these regiments.

**ON PERSHING STAFF**

(By American Press)

Paris, June 25.—It was announced at American army headquarters that Major General Pershing had appointed Frederick Palmer of New York to his staff in the intelligence department, with the rank of major. The appointment is in line with General Pershing's purpose to obtain specialists in all branches of the service, and Mr. Palmer's long experience at the European front at headquarters was regarded as making him particularly valuable to the staff at this time. He will have general charge of the army's regulations with the American press, and while his activities will be chiefly devoted to that work, the staff will be able to utilize his war-acquired knowledge in other respects.

**United States Battleship Connecticut**

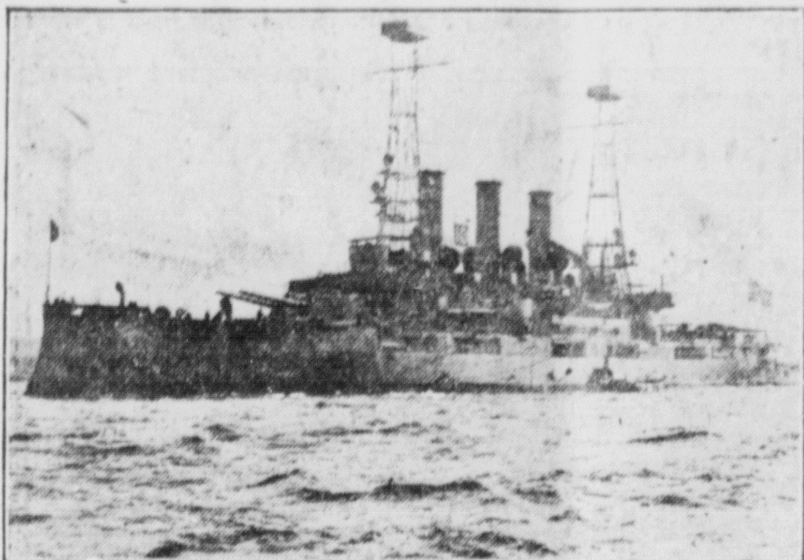

Photo by American Press Association.

The 16,000 ton Connecticut was laid down in 1903 and cost \$7,911,174. She has four twelve-inch and eight eight-inch guns and can make a speed of 18.8 knots. Her crew comprises 850 officers and men.

**FINAL DAY FOR RED CROSS FUND**

(By American Press)

Washington, June 25.—New demands on the American Red Cross disclosed by Elliot Wadsworth, acting chairman, show that the \$100,000,000 war relief fund, \$18,000,000 of which remains to be subscribed in the final campaign round-up today, may not last longer than six months. "The needs for relief work in nearly all the allied countries is looming so big," said Mr. Wadsworth, "that our \$100,000,000 can easily be spent within six months, even though the Red Cross practice every economy and give aid only to most worthy causes."

For this reason, Red Cross officials are hoping earnestly that the fund will be largely oversubscribed in the final hours today.

Special collections in thousands of Sunday school and church services are believed to have raised about \$2,000,000. The addition of this estimate made the total fund tabulated at headquarters about \$82,000,000.

This is "Pershing day." This message to the American people, called from France by Major General Pershing, was made public by Red Cross headquarters: "Americans can show their colors in no better way than by subscribing generously to the Red Cross."

Committees in virtually every city, town and village in the United States are expected to work strenuously until midnight to collect the dollars that will mean life-saving for American soldiers and sailors and mercy for millions of civilian war victims in Europe. Tonight the campaign will close officially, but a few cities expect to continue the work most of the week.

**KINSHIP QUESTION DECIDED BY COURT**

(By Associated Press Dispatch)

Cincinnati, O., June 25.—Brothers and sisters are "nearer to kin" to each other than their grandparents are to them.

That is the decision of Judge Gustweiler in superior court here recently in a case involving real estate which was owned by the elder Nicholas Longworth and was sold by him to a Louisa Wilcox, who died in 1877. It is one of her heirs who brought suit, when she died, she had no father, mother, husband, brother or sister. She did have cousins. Margaret Amey, who filed the suit was one of these cousins and claimed a one-sixth interest in the property. Decendants of the grandparents of Louisa Wilcox, contended that the property went to them as being "nearer of kin" than the plaintiff. The defendants claimed the property did not descend but ascended to the lineal grandparents or their heirs. Judge Gustweiler refused to follow that reasoning and held Margaret Anthony was, with other cousins, a legal heir.

**AFTER PRICES**

(By American Press)

Washington, June 25.—Drastic action to force down the price of coal in Ohio, such as governmental price fixing or indictment of "those responsible for the abnormal condition," is declared imperative in a letter from O. H. Hughes, chairman of the Ohio public utilities commission, to Senator Pomerene. "I favor both these methods," said Hughes. "If our commission had the authority the responsible parties would be on the run in short order."

Hughes describes transportation conditions as regards coal greatly improved. "The Toledo and Ohio Central and Hooking Valley railways," says the letter, "now are furnishing 100 per cent cars for coal hauling, while other railroads have made considerable improvement. Nevertheless, prices of coal have not come down, although the operators have charged the high level of prices to a lack of transportation facilities."

**PONY CART WANTED**  
Must be in good condition and cheap. See Harry Rodecker.

**SECURITIES STRONGER**

(Associated Press Cable)

London, June 25.—One of the few features on the Stock Exchange recently has been the steady recovery in value of Brazilian securities, which are now from four to nine per cent above the lowest prices touched this year. This is due to an increased demand from investors owing to the rapid recovery in the Brazilian exchanges.

**FABER CAN EAT ANYTHING NOW THANKS TANLAC**

Tells How Tanlac Got His Stomach Back in Good Order—Says Health Is Better "Generally."

"Tanlac did wonders for me," said George Faber, 1505 Xenia Avenue, Dayton, O., in telling how he got back to good health after he was ill run down.

Before I started taking Tanlac I was generally run down," he continued. "My stomach was out of order and my digestion was poor. I didn't have any appetite to speak of and what little I did eat disagreed with me. My nerves were in bad condition, too and I didn't sleep well."

"Tanlac helped me from the first. First it toned up my stomach and made my digestion better. I never have any trouble with my stomach now and although I have a big appetite nothing I eat hurts me. I can sleep like a log now that my nerves are back in good shape and I feel better all around. After what Tanlac did for me I think it is only fair that I say a good word for it."

Tanlac has built up thousands of run down persons. If you are in need of a good tonic get Tanlac today. It will do for you what it has done for thousands of others. You can get Tanlac at Blackmer & Tanquary's drug store, Frank Christopher's Drug store, or C. S. Haver's drug store. advt.

**DRY PROVISION TO BE CLIPPED**

(By American Press)

Washington, June 25.—The senate today substituted for the food control bill under consideration the house food measure passed Saturday night. Leaders hope to get the bill to conference by the end of the week.

The food control bill as it passed the house gives the president broad authority to control the distribution of food, feed and fuel for war purposes and appropriates \$152,500,000 for its enforcement and administration. It contains far-reaching prohibition provisions. These would prohibit the use of food stuffs for the manufacture of alcoholic beverages and would give the president authority to take over for war purposes all the liquor now on hand. The food bill passed the house by a vote of 265 to 5.

Few important changes were made by the house outside the prohibition section. The control powers of the president were limited to articles specifically mentioned in the bill instead of giving him blanket authority; voluntary aids in control work were made subject to the penal provision; all persons in the food administration except those serving without compensation were placed under civil service, and the president was required to make an annual report on the operation of the bill.

Retention by the senate of the drastic prohibition amendments adopted by the house, or at least of provisions prohibiting use of food-stuffs in manufacturing distilled spirits, generally is deemed probable. The principal fight on the prohibition question is expected to come over permitting manufacture of malt, liquors and wines. Senate sentiment against further manufacture of whisky, brandy and other distilled spirits is widespread, but many "dry" senators oppose extending the prohibition to beer and wines.

House changes, senators agree have removed many features upon which attack in the upper branch has been centered. Senator Gore, chairman of the agriculture committee, who has been prominent in opposing the original bill, said that all but a very few objectionable features were eliminated by the house.

The house bill will be kept continuously before the senate until disposed of. General debate is scheduled to continue for a few days, several senators having prepared speeches.

**TO GIVE MOTHERS BIRTH CERTIFICATES**

(By Associated Press Dispatch)

Columbus, O., June 25.—Effective this month, the State Bureau of Vital Statistics will issue to all mothers in the state certificates showing that birth of babies has been recorded by the state. Heretofore mothers got no "receipt" or certificate to that effect.

The plan is similar to that adopted in New York, Massachusetts, Michigan, Wisconsin and West Virginia. While the purpose is to let every mother know that her child is registered and to provide her with a certificate to that effect, the step is primarily one to create interest of the mothers in the proper registration of births.

"To register a child's birth may save its life, health, liberty and prosperity," is a statement concerning the certificates. "The state of Ohio is vitally interested in the welfare of your child and this certificate is issued for its protection. It is valuable in proving age, birthplace and parentage, for school enrollment, child labor law, workmen's compensation law, graduation and practice of professions, employment, voting and jury duty; marriage, guardianship and inheritance, federal and state civil service, military service, federal and mother's pensions, life insurance and annuities, passports for foreign travel and residence and many other legal reasons."

The great importance of the registering of births of all children has been particularly emphasized in the last few weeks in connection with the "call to the colors," in which hundreds of inquiries have been made to the vital statistics department regarding ages.

**RUSS OPPOSED**

(By American Press)

Paris, June 25.—All thoughts that Russia may conclude a separate peace must be set aside, declared Albert Thomas, French minister of munitions, on his return to Paris from an extended trip to Russia. An offensive by the Russian army is both material and a moral possibility, in his belief, but he declined to speculate as to when such a movement might be expected. The military organization problems are in the way of solution and the situation as regards Russia's financial and economic difficulties is improving every day. M. Thomas declared. The whole tone of the French cabinet member's talk was optimistic, although he did not minimize the difficulties with which Russia is still confronted.
